PROFILE SUMMARY

High-energy Computer Science student passionate about building real-world tech solutions. Skilled in frontend development (vanilla JavaScript, responsive design, accessibility), full-stack platforms, and AI-powered applications. Interned as UI/UX designer, delivered client websites, and contributed to national/global open-source projects. National-level debater and MUN participant – strong communicator and critical thinker. Professional volleyball athlete – disciplined, resilient team player. Quick learner eager to create impactful products in fast-paced environments.

WORK EXPERIENCE

Blue Planet InfoSolutions Pvt. Ltd.

JUNE 2025 – NOVEMBER 2025

Frontend & UI/UX Intern

- Designing clean, scalable user interfaces for enterprise web platforms
- Translating Figma designs into responsive web applications
- Working with product and engineering teams on real-world client projects
- Improving UX performance and accessibility

Freelance as a Full-Stack Web Developer

Present

Multiple Platforms (Freelancer, Direct Clients)

- Built full-stack web platforms using React, JavaScript, Node.js, MongoDB & Firebase
- Designed UI systems, wireframes, and high-conversion landing pages
- Delivered SEO-optimized, performance-driven applications
- Managed end-to-end product delivery from concept to deployment

KEY PROJECTS AND ACHIEVEMENTS

-Technical Projects & Contributions

- Developed AI-powered accessibility solutions using ML models and RAG systems for intelligent, inclusive web features
- Delivered multiple client web platforms and high-conversion landing pages (react/JS, responsive design, SEO-optimized, from concept to deployment)
- Selected as contributor to national and global open-source repositories (bug fixes, feature additions, collaborative PRs)
- Hackathon finalist and team lead – built end-to-end solutions under tight deadlines

-Leadership & Recognition

- Pitched AI/startup ideas and UI accessibility enhancements at college events
- Selected for Under25 Thought Leaders Team
- National-level debating & MUN participant – strong public speaking, research, and negotiation skills
- Professional sports background in competitive volleyball and horse riding – discipline, resilience, and teamwork in high-pressure settings
